Hi Margo,

Thank you very much. I appreciate it.

Regards,

Megan

Subject: Follow-up to Today's Call

Megan,

As requested, I am sending you a copy of the May 1979 New York State Energy Office letter, which identifies Union Carbide Corporation's 47th Street facility as a potential source of the slag material that came to be located at the Niagara Falls Boulevard Site. Please keep me updated as Union Carbide proceeds with its review of remaining records. Certainly do not hesitate to contact me with any questions or concerns.

Thank you,
Margo
